

## **REQUIREMENT FOR SOCIAL SECURITY NUMBER**

The Board is now requiring your social security number for our computer database. If you were licensed prior to 1990, we probably do not have your social security number on file.

The request by the Board is based on K.S.A. 74-139, which sets out licensure requirements provided as follows:

“(a) In addition to any information required to be submitted to a state authority by an applicant for **original** licensure, certification or registration, or a **renewal** thereof, the applicant **shall be requested to provide the social security number of such applicant. Upon request of the director of taxation, each such authority shall provide to the director of taxation a listing of all such applicants, along with such applicant’s social security number and address.**”

The Board will continue to maintain privacy of the number except as required by law and then only to the agency authorized by statute to obtain the information.

The license will not be renewed without the social security number.
